DETAILED ACTION

Response to Amendment

1. The amendment filed 01 July 2010 as part of the RCE filed 01 September 2010 has been considered and is sufficient to overcome the rejections from the previous office actions and is sufficient to place the case in condition for allowance except for claims 35 and 43. Claims 40-42 and 44-48 have been canceled and claims 51-52 have been added. Claims 31-39, 43 and 49-62 are currently pending in this application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 34 recites the limitation "the supporting body" in lines 3-4. There is insufficient antecedent basis for this limitation in the claim as claim 31 does not recite the term supporting body.

4. Claim 35 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The phrase "the tooth body has shapes which correspond with the knife and/or the tooth body is fastened on... and/or the tooth body is arranged on the comminution cylinder" is unclear. The phrasing of the and/or limitations makes it difficult to determine where the "or" part of the and/or limitations would go. Further it is suggested that the phrase "respectively" is deleted as it is unclear what limitations that term implies.

Art Unit: 3725

5. Claims 36 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear which limitations after the "and/or" are in fact part of the alternative limitations.

6. Claim 37 recites the limitation "and/or that the fastening means" in line 3. There is insufficient antecedent basis for this limitation in the claim as claims 31 does not recite a fastening means.

7. Claim 43 recites the limitations "the recess surfaces "and/or two faces" in line 4. There is insufficient antecedent basis for this limitation in the claim as claim 31 does not claim recess surfaces or two faces.

8. Claim 56 recites the limitation "the radius" in line 3. There is insufficient antecedent basis for this limitation in the claim as no radius is claimed in claim 52.

Allowable Subject Matter

9. Claims 31-33, 38-39 and 49-55 and 57-62 allowed.
